Respected Sir,

You might be aware of the long pending issues pertaining to programme cadre like stagnation in programme cadre, lack of cadre review to the programme staff since last 30 years, allocation of meagre budget to programme production etc etc.

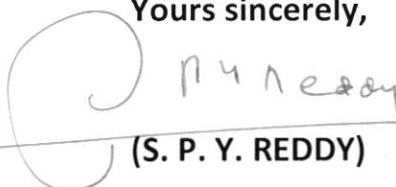

I do sincerely request and strongly recommend for

- a. The consideration of PEX's with more than 15 years of service to all STS vacancies as proposed vide Prasar Bharathi Board resolution on 09.03.2015
- b. The consideration of the PEX in-suits to the vacant DR PEX posts as proposed by Prasar Bharathi Board resolution on 07.09.2015
- c. Consider revival of MACP to the PEX's and TREXs who had got that benefit after a long time. Prasar Bharti and Ministry of Law have already pointed out the eligibility of these staff to MACP
- d. Fast track the Cadre Review process to the Programme staff working in AIR and DD.

Your mighty consideration of the above will definitely strengthen the premier Broadcaster of this great Nation.

Thanking you,

Yours sincerely,

(S. P. Y. REDDY) 11/7/17
